

ORD. NO. 5860

10 - 6111

Eff. 1-9-53

Sec. 523. Industrial Waste. The Tax Collector shall not issue a license to conduct a dump, whether for the first time or a renewal, until the applicant first presents to the Tax Collector written statements:

- (a) From the County Engineer either that Ordinance No. 614 entitled, "An ordinance regulating the deposit or discharge of industrial waste," adopted May 26, 1920, does not require a permit from the applicant or that the applicant has obtained such a permit required by the said ordinance, and
- (b) From the County Clerk, that the applicant has filed the required faithful performance bond.

*Sec. 524. Bond. The bond required as a condition to the issuance of a license to conduct a dump shall be a faithful performance bond written in favor of the County, conditioned that:

- (a) The applicant shall comply with all the terms and conditions of any permit, license or exception granted, and with all laws, statutes, ordinances and regulations relating to dumps.
- (b) The applicant and surety agree that should the applicant and the surety fail as determined by the County Engineer to comply with any such conditions, laws, statutes, ordinances or regulations including the provisions and limitations contained in any Waste Disposal Permit issued pursuant to Ordinance No. 614 entitled, "An Ordinance regulating the deposit or discharge of industrial waste," adopted May 26, 1920, or fail to correct such violations within ten days after serving of notice by first-class mail on the applicant and the surety by the County Engineer, the County Engineer may enter the dump and perform any corrective work necessitated by any failure of the operator of the dump to comply with any such conditions, laws, statutes, ordinances or regulations, including the provisions and limitations contained in any Waste Disposal Permit issued pursuant to said Ordinance No. 614.
- (c) The principal and the surety agree to reimburse the County of Los Angeles for all costs incurred by the County Engineer or by the County in the performance of such corrective work.
- (d) The bond may contain a provision giving the surety the option to cancel the bond upon first giving notice in writing not less than thirty days before the effective date of the cancellation to the County Engineer, providing that such cancellation shall not impair any right of the County to reimbursement for correction of conditions resulting from violations of such terms, conditions, laws, statutes, ordinances or regulations, which violations occurred before the effective date of cancellation of the bond, whether the work of correction was performed before or after such effective date.
